

# broadband

The internet is increasingly significant in the way we communicate, so it is essential to have a fast and reliable internet connection.

Our partnership with Telstra gives you access to the largest and best broadband provider, Telstra BigPond.

We offer a range of services to suit your needs from ADSL to wireless mobile broadband.

## **Business broadband** – Service provided by Telstra

Business broadband is internet access tailored specifically for businesses. Business broadband is best for medium-to-large organisations where high level of internet access is needed and a tailored solution may be required.

## **Wireless internet card** – Service provided by Telstra

With a wireless internet card you're not tied to your desk. When used with your laptop, the card provides access to the internet through the Next G mobile network. A wireless card is best suited for someone who needs internet access in remote areas or is constantly on the road working and needs internet access anywhere, anytime.\*\*

\*\* The Telstra Next G network covers 99% of the Australian population

## **ADSL** – Service provided by BigPond

ADSL is high speed broadband through your fixed phone line. ADSL is best for a home or small office as it offers fast internet speeds at affordable prices.

## **Cable\*** – Service provided by BigPond

Cable internet access is best for a home or organisation that requires an extremely fast internet connection through a dedicated internet line.

\*Where cable is available

## **Wireless** – Service provided by BigPond

Wireless internet is fast broadband access without wires. This is mainly for a home or office that wants a wireless internet solution and is essentially a wireless network.

## **Dedicated service team**

We have a dedicated service team to help you design telecommunication solutions and provide you with after sales service and advice.

For more information about broadband services please contact Tracey or David in the Church Resources Telecommunications team on 1300 CHURCH (1300 248 724) or via email at [telecommunications@churchresources.com.au](mailto:telecommunications@churchresources.com.au).
